PRESS RELEASE

For Immediate Release: September 8, 2020

State Closes Nonresident Moose Hunt in Unit 22E

(Nome) – The Alaska Department of Fish and Game announces an emergency order to close the State nonresident season for bull moose by registration permit RM855 in hunt area Unit 22(E).

The State nonresident season for bull moose by registration permit hunt RM855 in Unit 22(E) closes at 11:59 p.m. on September 8, 2020. The RM855 fall nonresident harvest quota of 9 bull has been reached and no further harvest is warranted.

The Alaska Board of Game established a nonresident registration moose hunt in Unit 22(E). The management objective for the area is to maintain the fall post hunt composition at or above 30 bulls:100 cows. Fall moose composition surveys completed in November of 2016 and 2019 resulted in 38 bulls:100 cows and 33 bulls:100 cows, respectively. For regulatory year 2020-2021, the department established a nonresident registration hunt harvest quota of 9 bulls.

All other moose hunting regulations in Unit 22 remain unchanged by this emergency order.
